Candy CD702T mosogatógéphez keresek vezerloelektronikat. Kaptunk egy mukodokepess hasznalt mosogatógépét, de azzal szembesultunk beuzemeleskor, hogy pukkant egyet es szetszerelve kiderult, hogy az elolapi nyomogombos panelon kidurrant egy IC, talan az eprom. Vagy egy ilyen mukodokepess IC-re lenne szuksegem, vagy egy komplett ilyen panelra ez lenne a legjobb, esetleg olyan szakemberre, aki megjavitja ezt a panelt.

Egyebkent elkovettuk azt a hibát, hogy nem folyattuk ki a vizet belole szallitas elott es oldalara fektetve szallitottuk, melynek kovetkezteben kifolyt egy csomo viz belole. Nem tudom ez mennyire

befolyasolja a meghibasodast, de a panelon viznyomot nem latok, igy inkabb arra gondolok, hogy szimplan csak elfaradt. Olyan forum tema nevet valassz, ami beszedes, minel pontosabban illeszkedik arra, amivel kapcsolatban irsz. Egy lehetsleges jo elnevezes illetve erdektelen, nem relevans informaciot se tartalmazzon a cim! A helytelenul elnevezett topik felfuggesztesre, majd 48 ora utan torlesre kerul. Felfuggesztett allapotban nem tudnak masok addig hozzaszolni, amig ki nem javitod a cimet. Udv mindenkinek. Sajat hutomrol beszelek aminek konkret tipusa CANDY CFNF 4589. Nagyon nehez hibát keresnem mivel a jelenség nagyon idoszakos, es nincs hutogep javitasban semmilyen tapasztalatom. A gep akar hetekig is hibatlanul mukodik majd gondol egyet es leall. Mindaddig mig a belseje szobahomersekletre fel nem melegszik. Ekkor elindul es lehet ket napig de lehet ket hetig ujra mukodik. A vezerlo panelen hibát nem talaltam a microcontrollert nem tudom vizsgalni, Felvezetok, kondenzatorok, zenerek stb. A kezelo panelon egy darab homerseklet szabalyozo trimmer, egy sarga es egy zold LED van. A felhasznaloi kezikonyv szerint normal mukodes eseten a zold LEDnek kellene vilagítani, nekem viszont a sarga eg folyamatosan miota a problema jelentkezett. Nem tudom merre induljak el. Vezerlo panel Hoerzekelo Kompresszor. Egy kis segitsegnek igazan tudnek orulni! Meg egy fontos adalek. Ha a trimmert maxra tekerem SUPER mod, ami a kompresszort folyamatosan uzemelteti ez a funkcio mukodik! Candy ctdf 1006 mosogep elmondas szerint egyszer csak leverte a kismegszakitot. Nem szoktam ilyeneket javítani de itt nincs kibuvo mert rokonnak kell. Szetszedve a panelen hibát nem lehetett merni de a folia 3 helyen is eldurant. Panel javitas utan minden szept es jo csak nem indul a motor.

Vizet beengedi es nem tortenik semmi. A motor kiszedve jonak mutatkozik, szenkefek jok stb. Mosogepes szakiktól kerdezniem mi lehet meg a hiba. En a vezerlopanelre gondolok amin egy atmega64 van. Szerintem az is kapott es ezert nem indul a motor. Megvennek bele a panelt is ha lenne elado. En sajnos nem talalok sehol. Estleg az atmega programja is jo lenne mert egy cseret megerne megprobalni, de gondolom ez hetpecsetes titok. Teszek fel kepet a panel szamarol. Koszonom elore is. Candy Go 611 orulet amit ez muvel. Sziasztok. Most olyat fogok elmeselni amit meg a kiseger sem hallott. Adott a fent említett mosogep. Bekapcsolas utan kb 15 masodpercel leall, es elkezdi kivillogtatni a kovetkezo hibakodot DE ! Bekapcsolas utan, mindent csinal, vizet vesz, szivatyuz, porgeti a motort, stb, de csak addig, Kivettem a panelt, atmertem, atforrasztottam, kondikat csereltem. A 5V csukott ajtoval leesik 4.35Vra, de nyitott ajtoval 4.85V marad, de a hiba csak elojon. Nem jottem ra miért esik le a 5V de a tap egy kis SMPS IC, a stab elott megvan a 10V, a stabkocka nem melegszik, tehat teljesen rejtely eleve az, hogyan keppes esni a feszultseg a stabkocka utan ugy, hogy megvan De lepjunk tul a Stabkockan, lehet hogy jo, egyebkent majd a kovetkezo alkalommal cserelni fogom. A hibakod szerint, az NTCnel van a hiba. Lehuztam, megmertem, drotokat kimertem, minden OK, lehuzott NTCvel is villog, ha rajta van, akkor csak 0.4V mertem az egyik kapcsan, ami megintcsak erdekes. A haver szetszedte a motort, kipucolta, stb. A hiba onnantol erdekes, hogy nyitott ajtoval is elojon. Van egy 1520mp idozites, ami utan leall. Addig viszont mindent csinal. Azt vettem meg eszre, hogy a bekapcsolas utan a ledek fenyereje mintha lecsokkenne ! Ezt sem tudtam hova tenni. A valaszokat elore is koszonom ! You can write in English language into the forum not only in Hungarian.

Just get in touch and one of our friendly, dedicated team will be happy to assist. Contact Us Well reply within 24 hours Mon-Fri, 9.5, excluding Bank Holidays and do our best to help. Can I change delivery address or method. Customers are strongly advised to ensure the delivery name and address details are complete and correct at the point of purchase as these details cannot be amended. Collections direct from our warehouse are not available. What happens if I'm not home when delivery is attempted. If you are not home to sign for delivery, the courier will leave a card to advise that delivery has been attempted. To rearrange delivery, please follow the instructions on the card. We do everything we can to meet the delivery times specified in this section, but please allow 710

working days for dispatch and delivery during these periods. Please note We do everything we can to meet the delivery times specified in this section. However, these cannot be guaranteed, as occasionally delivery times may be affected by factors beyond our control e.g. adverse weather conditions, an incomplete delivery address.

We will inform you if we become aware of an issue with delivery of your order, and do everything that we can to get your order to you. Very occasionally, certain circumstances may dictate that we will be unable to deliver or install a product, as it will be unsafe for our trained engineers to do so. In this extremely unlikely event; We will make clear the reason We will advise of any remedial work required We will reschedule the visit if appropriate Cant find an answer to your question. Unwanted returns are not accepted after this period. To qualify for a refund, unwanted products must be unopened unused, without installation or data input in the same condition as supplied to you complete with any accessories and free gifts offered with it with the original box and unopened packaging Unwanted products cannot be accepted after 30 days if any of the above criteria are not met. The right of cancellation does not apply in the following circumstances When the product seal has been broken on any DVDs, CDs, memory cards or software, including games On any personal hygiene products such as shavers, hair care products On headphones, where the seal on the packaging is broken If you want to return a Software Product Activation Key card which is not faulty, the silver strip on the back of the card must be fully intact as new If a product is returned as unwanted, but the above conditions are not met, no costs will be refunded. Any form of investigation, intervention or repair undertaken on your purchase by any party other than Dixons Carphone PLC will result in the invalidation of the applicable product warranty, and a return will not be accepted and no costs will be refunded. All warranties are nontransferrable. Refunds will be issued to the payment method you used to place your original order. This typically takes 5 working days in the UK, depending on your payment method issuer.

If your item develops a fault within the warranty period, we may offer an exchange for the same, or a similar product, depending on our current stock. If we don't have stock available for an exchange, a full refund will be processed once the item has been returned to the eBay Store. To qualify for a refund the product must be in the same condition as supplied to you complete with any accessories and free gifts offered with it if possible, with the original box and packaging The above warranties do not cover nonfaulty products, nor issues caused by accident, neglect, misuse or normal wear and tear. If a product is returned as faulty but found not to have a manufacturing fault or if a fault has developed as a result of accident, neglect or misuse, no costs will be refunded. Exchanges The eBay store sells some endofline products, so this type of stock is limited and we may not have a direct replacement available for an exchange. The exchange of CDs, DVDs and computer software may be restricted to the same product. Refunds Your Paypal account will be refunded once we have received your return. In all cases, goods must be received before refunds are given. We'll email you once the item is received by our warehouse. You can expect your refund to be processed within 48 hours of us confirming we have received the item. You will receive an email confirming your return has been received and a refund has been processed. Express delivery costs will only be refunded if you notify us within 30 calendar days of delivery, and you received an incorrect item you received a damaged item you received a faulty item Please note that it can take up to 5 days for a refund to appear in your PayPal account. Can a Currys or PC World retail store help. Contact Us Please contact us via the eBay Message Centre Well reply within 24hours MonFri, 95, excluding Bank Holidays and do our best to help.

A complete range with simple and intuitive interface for those seeking practicality or full touch control for those who prefer to have total control of functionalities. Large or small according to the needs, you can choose reduced depth with the slim range or the great load capacity model. Smart Touch This appliance is equipped with Smart Touch technology that allows you to interact, via the

App, with smartphones based on Android operating system and equipped with NFC Sensor Dry System Sensor drying system uses sensors to monitor moisture and temperature levels inside the dryer and automatically stops when it reaches the chosen level of dryness you require. If you have a question or concern about any part of your order, please get in contact and we will be more than happy to assist. Good feedback means everything to us and is always reciprocated. With a 1400rpm spin speed, there are also 13 handy washing programs and 3 drying programs available to choose from, something for every laundry need. This includes 4 washing cycles in under an hour, as well as Easy Iron and Baby Care 60C programs. On the drying side there is a sensor dry function, variable spin, variable temperature and a steam function. This easy install machine requires only an electrical and water connection and comes with a 90C wash cycle, ensuring better hygiene results for your clothes. And try the Steam Function, which can be added onto the end of various washing cycles as a great antcrease tool. It relaxes creases in wet garments, reducing ironing time, as well as refreshing the load and removing any buildup of odour. Clever Sensor Dry technology allows you to set the level of dryness you require and once reached, the machine switches off automatically. This means items are prevented from being damaged by overheating and you will save money on your energy bills by not running your appliance for any longer than required. Unlock the full potential of your machine with Candy Smart Touch.

Download new programmes, ensure your appliance is working at its best and check the stats of your washes. Use the voice assistant function to tell the smart app what fabrics you're washing, the colours and how dirty they are and it will even find the ideal cycle for you. opened. Condition is Used. Collection in person only. Category WasherDryers Condition Used Location Bristol, United Kingdom Feedback 245 100% Brand Candy WASHER DRYER Candy GCSW 485T. Excellent condition. Collection only. Purchased September 4, 2019. It has an 8kg washing and a 5kg drying capacity and comes with a easy to use digital display. It uses intelligent sensor technology, which weighs the laundry during the first 4 minutes of the cycle. To save you both time and money, it then adjusts the cycle time, water and electricity consumption to suit the size of the load. This easy install machine requires only an electrical and water connection and comes with a 90C wash cycle, which will ensure better hygiene results for your clothes. It also comes complete with Candy Simply Fi technology, which offers a clever solution that works as simply as a contactless payment system.

By using an android smartphone, you can control, monitor and manage the appliance via your mobile device through the Candy Simply FI app. Featuring clever Sensor Dry technology allows you to set the level of dryness you require and the dryer then switches off automatically when this level of dryness has been reached. With rapid wash and dry, you can grab your little black dress out of the wash basket and have it ready in no time, or freshen up the kids school uniform midweek. There's even a dedicated wool drying cycle approved by "The Woolmark Company", so you'll never pull out your favourite jumper to find it's shrunk. Stain level buttonOnce you've selected your wash program, the stain level button lets you choose your desired wash intensity, so you can give a more vigorous wash to heavily soiled or dirtied garments. It's great for getting out those grass stains in your football kit or the red wine on your best shirt. Intelligent KG modeLet the CBWD 8514DC Integrated 8 kg Washer Dryer optimise your wash program to waste less energy and get the perfect clean for your load. It has 13 washing programs and 3 drying programs. This includes four washing cycles under an hour available, as well as Easy Iron and Baby Care 60C programs.
